

Rick McCarthy

- Cabana boy (preferably named Rick or Marshall).
 This is essential; each of the following depends upon his presence.
- 2. A mirror for signaling planes and checking to see if you're ready for the cabana boy.
- 3. Coco bean so you can grow a fine, fully fledge coco bean tree and make chocolate to share with the cabana boy.
- 4. Chocolate, in case the coco bean tree doesn't grow.
- 5. Tom Hanks and Wilson.

 Tom can help with a

 bonfire and Wilson is a

 great conversationalist.

There," he said.

Marshall Jackson

- 6. Matches, in case Tom Hanks is unavailable and can't rub sticks together properly.
- 7. Keg-sized bottle of sunblock...for slathering on...by the cabana boy.
- 8. Grapes, because you might be there for a while and wine will need to be made.
- 9. Chewing gum and a set of paperclips. If you know MacGyver, you know why.
- 10.Clean panties because you're stranded and your mother taught you to be prepared for situations like this.
